

Please enjoy the trails on Pajarito Mountain by hiking and biking responsibly, and by sharing the trails with other users.

Dogs are welcome, but must be kept under control, and may not ride the lifts. Equestrian users are also welcome, but please stay off the singletrack trails.

Please familiarize yourself with the trail system and select rides within your ability level.

Make sure that all bike components work properly.

Helmets are required while riding. Gloves and protective clothing are recommended.

Always ride with a buddy and be prepared for emergencies.

Always stay in control and be able to stop or avoid other people or objects.

Observe all posted signs and warnings and ride only on designated trails. Keep off closed trails and out of closed areas.

Be courteous to other riders and pass only when it is safe.

You must not stop where you obstruct a trail or are not visible from above.

Respect the environment and wildlife.

When entering a trail or starting downhill, you must look uphill and yield to other riders.

Prior to using any lift you must have the knowledge and ability to load, ride and unload safely. When in doubt, ask a lift operator.

XC Cross country trail (includes uphill sections)
DH Downhill trail (steep with drops – unsuitable for XC bikes)
FR Freeride trail (includes man made & natural obstacles)
